Summary

Conclusion

- Terjadi penurunan total penjualan pada bulan Agustus dibandingkan Juli, terutama dipengaruhi oleh turunnya traffic dan penurunan spending iklan.Meskipun demikian, efektivitas iklan meningkat, tercermin dari efisiensi biaya dan stabilnya performa Shopee Ads.
- Penjualan tetap didominasi oleh produk custom, sejalan dengan performa Meta Ads yang menunjukkan CPR lebih rendah pada konten produk custom dibandingkan konten lainnya.

Action Plan & Recommendation

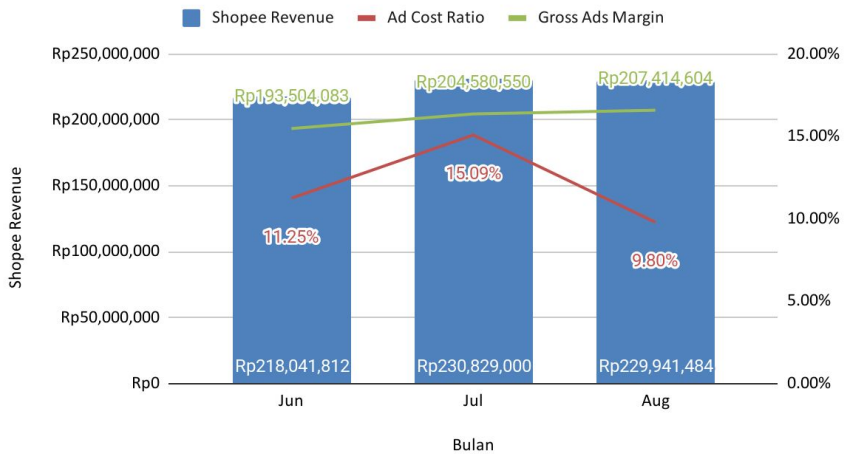

- Melakukan scale up campaign produk custom dengan beberapa approach :
  - Menambah volume kreatif
  - Membuat landing page khusus custom
  - Scale up budget shopee ads
- Optimasi konten lower funnel untuk di CPAS
- Refreshment creative secara berkala untuk produk non custom
